In the first arch, you'll find a tunnel passage. Walk straight through it.

Step 9 of 21

Walk through the tunnel and continue straight.

Step 10 of 21

As you exit, you'll see the main church of Atrani — San Salvatore de' Birecto — with its clock tower and town hall. Great photo spot! The town square is to the right, cafés and restaurants to the left.

Step 11 of 21

Go straight into the next tunnel passage. You'll see shops on the left and a fish shop on the right. Keep walking straight through.

Step 12 of 21

Walk until you reach the large inscription on the wall. Continue slightly uphill — you're only about 50 meters away now.

Step 13 of 21

Your next landmark is Ristorante A' Paranza. Don't be surprised — it's one of the most exclusive and delicious restaurants in town. Just keep walking straight past it.

Step 14 of 21

Continue just a bit further past the restaurant.

Step 15 of 21

Look for the fruit shop — it may be open with fruit displayed outside, or closed with brown doors. Right past it you'll see a small green door and immediately a very narrow turn to the right. Don't miss it!

Step 16 of 21

Here's the very narrow turn to the right — you must go in here! If the Amalfi Porters drop you off, you'll be right across from the fruit shop. This is exactly where you need to turn.

Step 17 of 21

Enter the small gallery tunnel. You'll see a green door ahead — turn right immediately from it.

Step 18 of 21

Walk through this narrow tunnel toward the light at the end.

Step 19 of 21

Right in front of you are about 10 steps. Climb up — there's a green door on the left.

This is the view after you climb the steps — you're right at our house!

Step 21 of 21

Walk to the green door. You'll see a doorbell on the left — press it and we'll come meet you right away. Welcome, you've arrived!
